

# Bicyclists needed!

to show support for designing the south walkway ramp of the Benjamin Franklin Bridge in the 2011 DRPA budget!

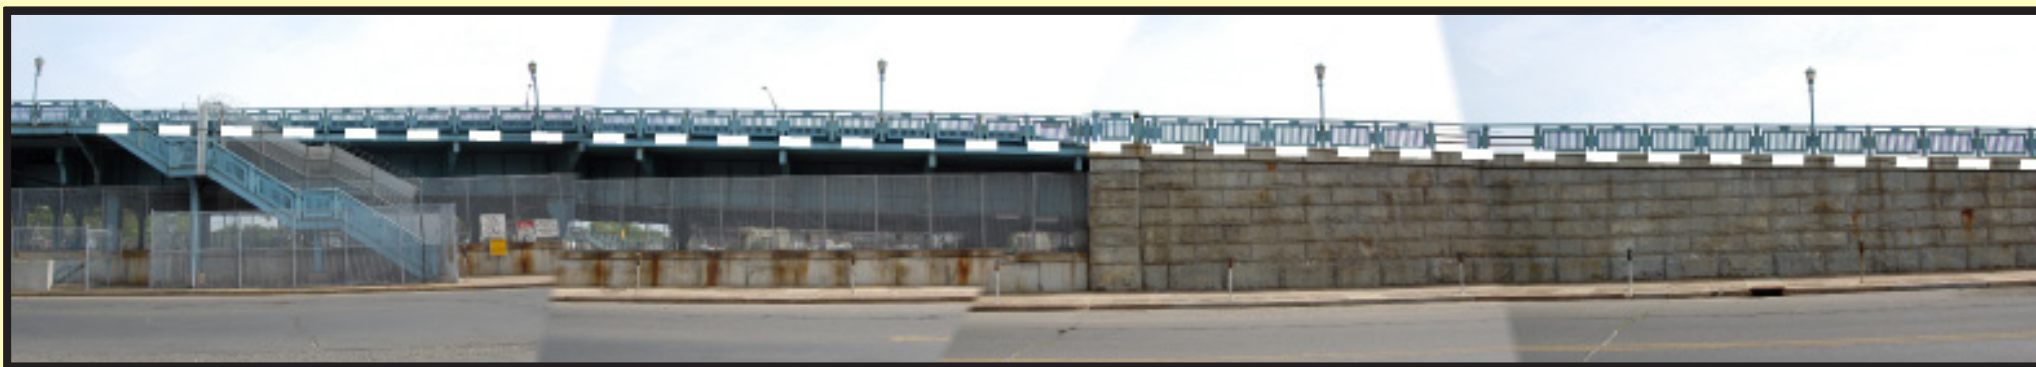

December 1 at 9am

Delaware River Port Authority Headquarters

One Port Center

2 Riverside Drive

Camden, New Jersey

The white dotted line shows a gentle extended walkway that could replace three flights of stairs and run to the end of the bridge near 5th Street, landing in a welcoming gateway at Rex Place on the Rutgers Camden campus.

The 2011 Operating and Capital budgets will be presented to the Finance Committee during the DRPA's regularly scheduled Board meeting. Please be there to show your support!
